

MinkMApp

Setup instructions – for Group Members

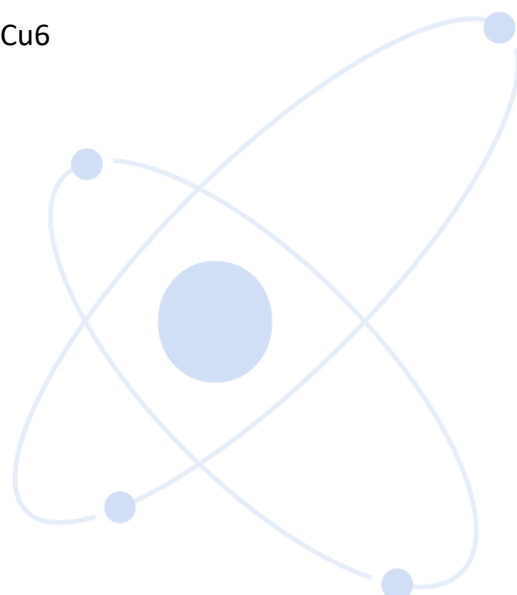

MinkMApp is available to any Mink Group or related individual. If you wish to use it within a group context, all users of the app will have to login with the same email address and password. This enables everyone using the app to view the group's records but keeps your records private to your group only.

Your group administrator will provide you with the appropriate email address and password.

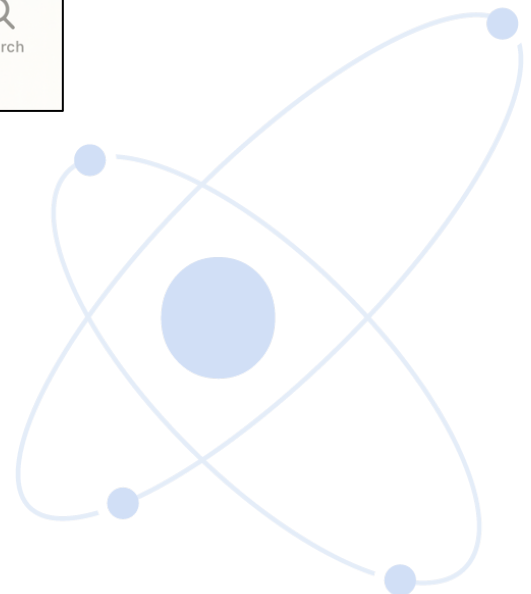

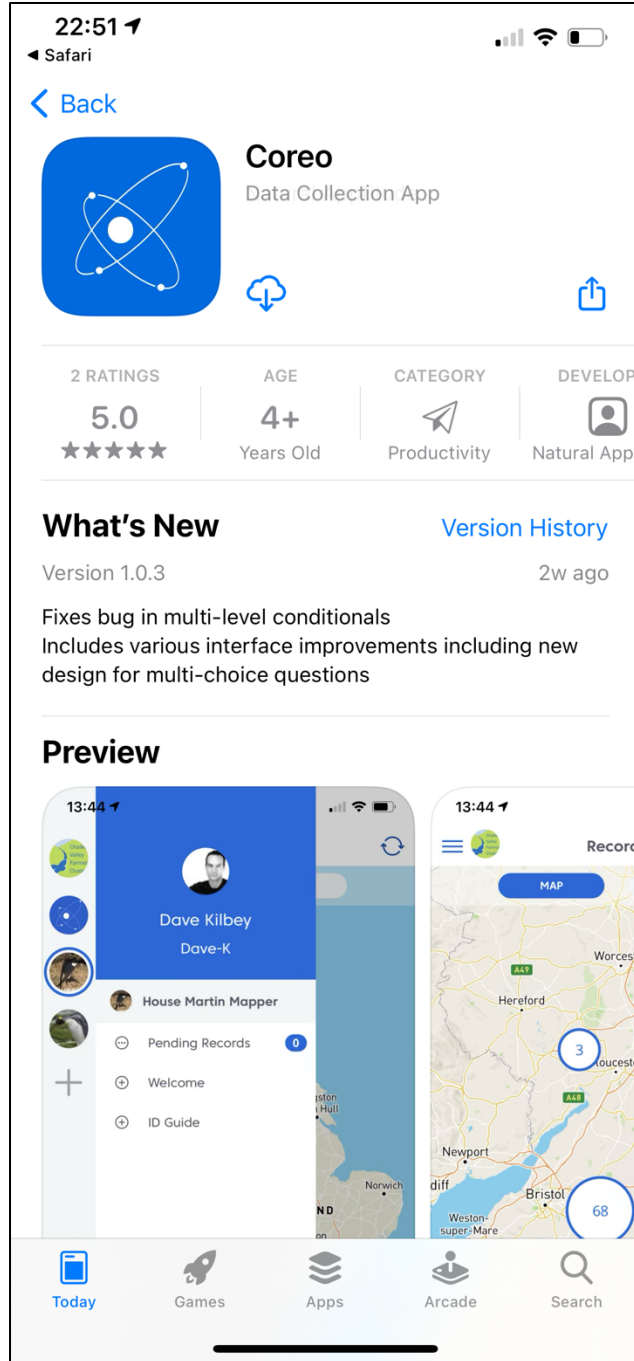

- Step 1.** If you have the Coreo app installed already **delete it**.
- Step 2.** **From your phone** click on the following QR code or use the URL below:
